

Quality and Professionalism in the Digital Era: Impact on Physician Assessment and Remediation

**Thursday October 15, 2020
1:00pm - 2:30pm (Eastern Standard Time)**

At the end of this webinar, participants will be able to:

1. Describe current confusion related to differing definitions of “telehealth/telemedicine/virtual care/digital health”;
2. Articulate potential clinical challenges related to provision of digital health care in the near term;
3. Define new competencies required for the delivery of health care in the digital era, and discuss their assessment;
4. Explain potential benefits and risks arising from healthcare augmented by digital technologies;
5. Consider recommendations regarding best practices for the assessment and remediation of physicians adapting to digital healthcare technologies.
